Teacher Quickstart to navigating Zearn Math online

All teachers should go to zearn.org →

Type in username and password

As a teacher, you can set assignments and preview digital lessons.

Move mouse cursor to Curriculum tab in top navigation bar
Select Grade for “Scope & Sequence”

On Grade Overview screen, scroll down and select “View Mission” for Mission 1
On each Mission page, teachers can print student materials and preview each component of the Independent Digital Lessons that students will complete.

Printed student materials

Digital student materials

Scroll down to see all lessons within a Mission.
Student Quickstart to navigating Zearn Math online

All students should go to zearn.org

Type in username and password

Students will automatically see the lesson assigned by their teacher. Just, press Start and go!
