

Zearn Certified Advisors 2020-2021

[Zearn Certified Advisors](#) work side by side with district and school leadership teams to engage in cycles of planning, observations, and coaching throughout Zearn Math implementation to ensure all students love learning math. They have taken part in an intensive [year-long training program](#) to become experts in supporting the first year of implementation as well the multi-year effort of leading a high-quality math teaching and learning transformation.
