

# Accelerate math learning for Colorado students

As a part of Colorado's statewide investment in math learning acceleration, districts and schools can receive free access to Zearn Math through June 2025.

Zearn Math is a top-rated digital math platform that educators can use flexibly across instructional times to help all students catch up and move forward in math.

Zearn Math offers digital math lessons that help all students access grade-level math learning with built-in differentiated support. When learning with Zearn Math, Colorado students will:

- ✓ Learn grade-level math concepts with on-screen teachers
- ✓ Problem solve with interactive models and real-time feedback
- ✓ Receive just-in-time, personalized support that addresses unfinished learning in the context of new learning

Zearn Math is proven to have transformative results. Research shows students who used Zearn Math grew state math scores 2.5 times more than students who did not use Zearn Math. Students at the lowest level of math achievement who consistently used Zearn are 2-3x more likely to improve their math achievement level.

**Opt in now to receive free access  
to Zearn Math for 2024–2025.**
