

# Professional Development for NYC Educators

Virtual Sessions - Grades 1-8

ALL TIMES IN EST

## Launch Zearn Math

In this session, participants will learn how to successfully implement Zearn Math by learning about the features of their School Account, including navigating Zearn's platform, instructional materials, and reports.

## Grow with Zearn Data

In this session, participants will explore Zearn's reports in depth and learn how to monitor and respond to data from these reports to support all students.

Registration for these trainings is now closed. Please reach out to [info@zearn.org](mailto:info@zearn.org) for more information on training opportunities for your school.
