

# Professional Development for NYC Leaders

Virtual Sessions - Grades 1-8

ALL TIMES IN EST

## Zearn Admin Orientation

This 60-minute webinar is designed for New York City school leaders with admin access in Zearn. In this session, New York City leaders will build on their familiarity with Zearn Math and identify strategies for utilizing data derived from both admin and class reports to celebrate and support classrooms as they implement Zearn.

## Lead Zearn Math: Part 1

In this 4-hour session, New York City leaders will learn about Zearn's approach to learning, Zearn's platform and materials, and the key actions and decisions leaders should focus on to support successful implementation.

Registration for these trainings is now closed. Please reach out to [info@zearn.org](mailto:info@zearn.org) for more information on training opportunities for your school.
