

Support South Carolina students to succeed in grade-level math

As a part of the Palmetto Math Project, the South Carolina Department of Education (SCDE) has invested to provide all South Carolina schools with free access to Zearn Math, the top-rated math learning platform.

Zearn Math includes over 1,000 digital lessons designed to help every student access and engage with grade-level math content. Educators can use Zearn flexibly across core math instruction and tutoring.

When learning with Zearn Math, South Carolina students will:

- ✓ Develop procedural fluency and conceptual understanding in every lesson
- ✓ Explore math concepts with guided instruction using pictures and objects to help math make sense
- ✓ Receive real-time, adaptive support to help them work through challenges while maintaining grade-level rigor
