

# Orientation Webinar for Zearn Leaders and Educators

## Session Overview

In this webinar-style session, educators and leaders will learn how to navigate and access resources of a Zearn account. We will dig into an Independent Digital Lesson to understand the integrated supports that ensure all students are able to access grade-level math. We will share recommendations for usage that drive impact with Zearn. Lastly, we will explore the data available in the Pace and Tower Alerts and discuss how to use this data to support implementation.
