

State Standards Alignment Arizona

Zearn Math is a K-8 print and software-based curriculum that transforms the math block to create differentiation and engagement for each student, every day.

Zearn Math curricular materials for K-4th grade, 6th and 7th grades are fully aligned with the **Arizona Mathematics Standards** and can be utilized as the primary curriculum in the math classroom to meet all standards. Zearn Math curricular materials for 5th and 8th grades are largely aligned with the **Arizona Mathematics Standards** and can be utilized as the primary curriculum in the math classroom, with minor supplementing from additional resources, to meet all standards. The tables on the following pages describe the alignment for each specific standard.

Key

FULLY ALIGNED

Zearn Math curricular materials are fully aligned to this standard and can be utilized as the primary instructional materials in the math classroom in order to meet the full expectation of this standard.

MOSTLY ALIGNED

Zearn Math curricular resources are mostly aligned to this standard; however, teachers will need to amend instruction to address the part of the standard not covered by Zearn Math. Such amendments should be made within the current Zearn lessons and should not require any additional instructional days.

PARTIALLY ALIGNED

Zearn Math curricular resources are partially aligned to this standard; therefore, it is recommended that teachers use supplemental materials to fully address this specific standard. Additional instructional days may be needed to adequately address this standard.

NOT ALIGNED

Zearn Math curricular resources are not aligned to this standard; therefore, it is recommended that teachers use supplemental materials to fully address this specific standard. Additional instructional days may be needed to adequately address this standard.

¹Zearn Math does not include any lessons that target 8.NS.A.3. Teachers will need to supplement instruction to ensure students master the full intent of 8.NS.A.3.

²Zearn Math includes lessons that target 8.EE.C.7; however, the Zearn Math lessons do not include solving linear inequalities that require expanding expressions using the distributive property and collecting like terms. The content is covered in Zearn Math's Algebra I curriculum, which is currently under development.
